Repairs / networking / CCTV / installation / AMC

01 / OUR COMPANY

Technology changes. Commitment stays.

A long-standing IT business focused on useful technology, responsive conversations and practical support.

Established in 1999, Vikshree Computers helps individuals, small offices, businesses and larger organisations find equipment and services that suit their requirements.

Our work includes computers, printers, multifunction devices, projectors, servers, networking, security equipment and related IT services. We help with personal device enquiries, office setups, repairs and larger supply orders.

WHO WE HELP

01

Individuals & home offices

Computers, printers, accessories, upgrades and repair support.

02

Businesses & teams

Office equipment, network setup, security, maintenance and bulk supply.

03

Institutions & public sector

Specification-based supply, tender requirements and coordinated delivery.

OUR PROMISE

Start with the requirement. Explore the right options. Follow through with care.

02 / WHAT WE DO

Products, service and IT solutions.

Product availability, brand, specifications and service scope are confirmed for each enquiry.

COMPUTERS & ACCESSORIES

Laptops, desktops, all-in-one PCs, workstations, RAM, SSDs, storage and accessories.

PRINTERS & PRESENTATION

Printers, multifunction machines, scanners, monitors and projectors.

NETWORKING & SERVERS

Servers, network devices, Wi-Fi, structured connectivity and office IT setup.

SECURITY SYSTEMS

CCTV installations, surveillance, biometric attendance and access-control solutions.

REPAIRS & UPGRADES

Diagnostics, laptop and desktop troubleshooting, component upgrades and device setup.

MAINTENANCE & AMC

Preventive checks, fault diagnosis, IT maintenance and annual support discussions.

BRANDS & CHANNEL PARTNERS

HP / Acer / Voltriq / Canon / Dell / Ingram

Product availability and any applicable brand authorization are confirmed for individual orders.

03 / HOW WE WORK

A simple process. Reliable follow-through.

Tell us what you need - whether it is a single device, office setup, repair or supply order.

01

Tell us what you need

We discuss intended use, quantity, budget, preferred specifications or service scope.

02

Explore suitable options

We coordinate product sourcing or technical advice and confirm relevant quotation details.

03

Supply, install & support

We arrange fulfilment or service as agreed. OEM-direct dispatch is used on some orders.

CREDENTIALS & PROCUREMENT

Established 1999 / ISO 9001:2015 Quality Management System / MSME registered

We also support government and institutional procurement, including the Government e-Marketplace (GeM) where applicable. ISO certificate no. 3050260617161Q, subject to issuer verification and ongoing surveillance.
